Ark
REGD. **fans**

CORPORATE PROFILE:

Ark Fans is a privately owned, medium-sized fan manufacturing company based in Pakistan. The company began its journey in the 1980s with a devotion to work and a focus on innovation. It established a brand name, known as "Ark Fans," which has become synonymous with quality and unique color combinations, setting new trends with every passing decade.

Ark Fans is proud to be a trendsetter in the fan industry in Pakistan, known for its quality, innovation, and color combinations. Our excellent technical expertise, combined with extensive industry knowledge, makes Ark Fans the ideal choice for customers looking to buy electric fans.

Quality, innovation in design, and strong backup support systems are at the core of our philosophy. To ensure total customer satisfaction, Ark Fans works day and night to meet the highest standards. Our constant efforts to produce the best and unbounded commitment to our company and customers are the techniques we use to achieve our goals. The quality of Ark Fans' products is also acknowledged in various other countries. That's why our sales network isn't limited to Pakistan; we also export our products across the globe, mainly to the Middle East, Europe, and Africa. The tradition of delivering quality products has earned Ark Fans a reputation for producing trustworthy fans worldwide.

VISION:

Our vision is to exceed customer expectations by delivering quality products that are highly acceptable, at prices that are affordable, and with innovative designs.

MISSION:

Our primary objective is to establish a business model that consistently fulfills the needs and expectations of our customers, in terms of affordability and reliability of quality.

Model: AC-97 سٹینڈرڈ ڈیلکس

Features

Specially designed motor provides maximum air delivery
Attractive decorative trims.
superior grade electric steel lamination for longer life and low power consumption.
Superior ball bearing give whisper quiet operation & longer life.
Automatic winding to ensure consistent quality & grater reliability.
it comes with 3 blades
